

LAGERSTRÖM

SPERLING Bench table

Mounting instructions

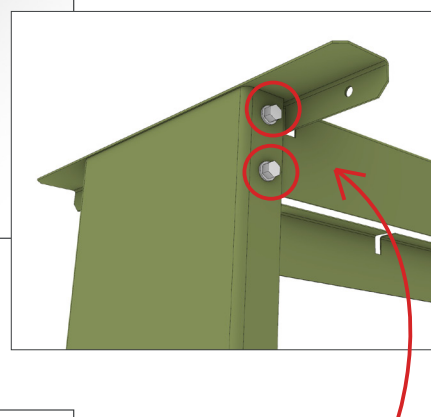

Note! the open sides of the leg structure components are facing the same direction, towards the center of the bench table.

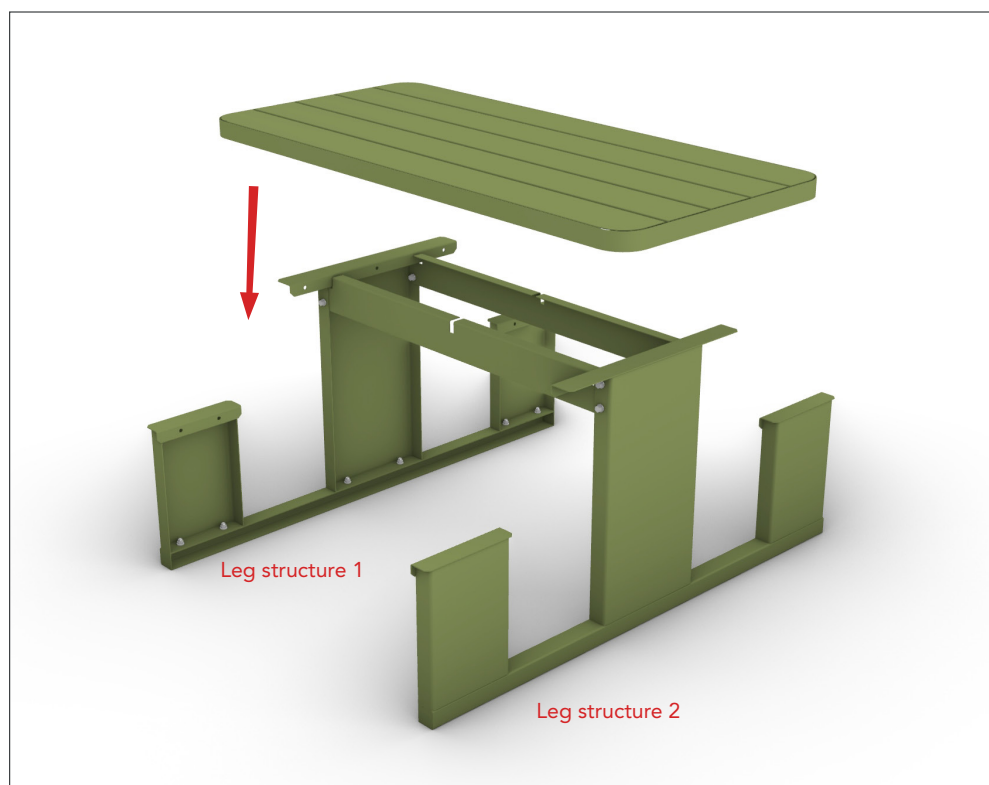

01.

Attach the bench and table legs to the ground profiles to create 2 leg structures. For each leg structure use :
6st M10x20 bolts
6st M10 nuts
12st M10 washers

After that, attach the 2 cross beams to connect and stabilize the leg structures. use :
8st M10x20 bolts
8st M10 nuts
16st M10 washers

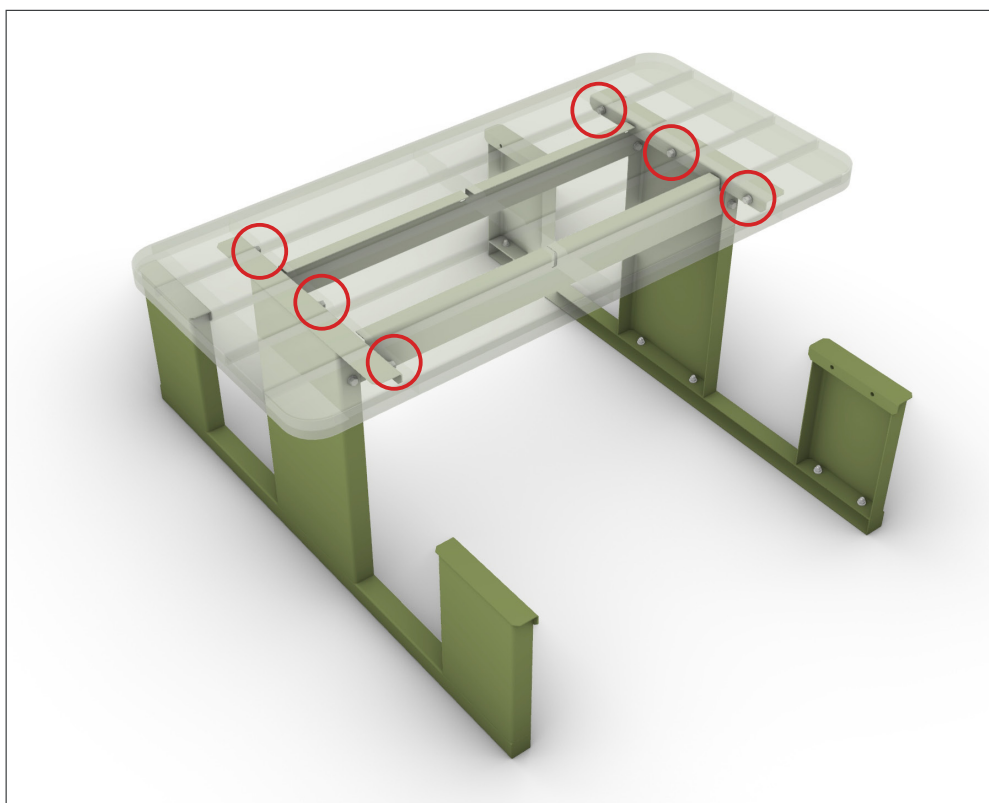

Note! The cross beams are connected to the inner side of the table leg. see close up image above.

02.

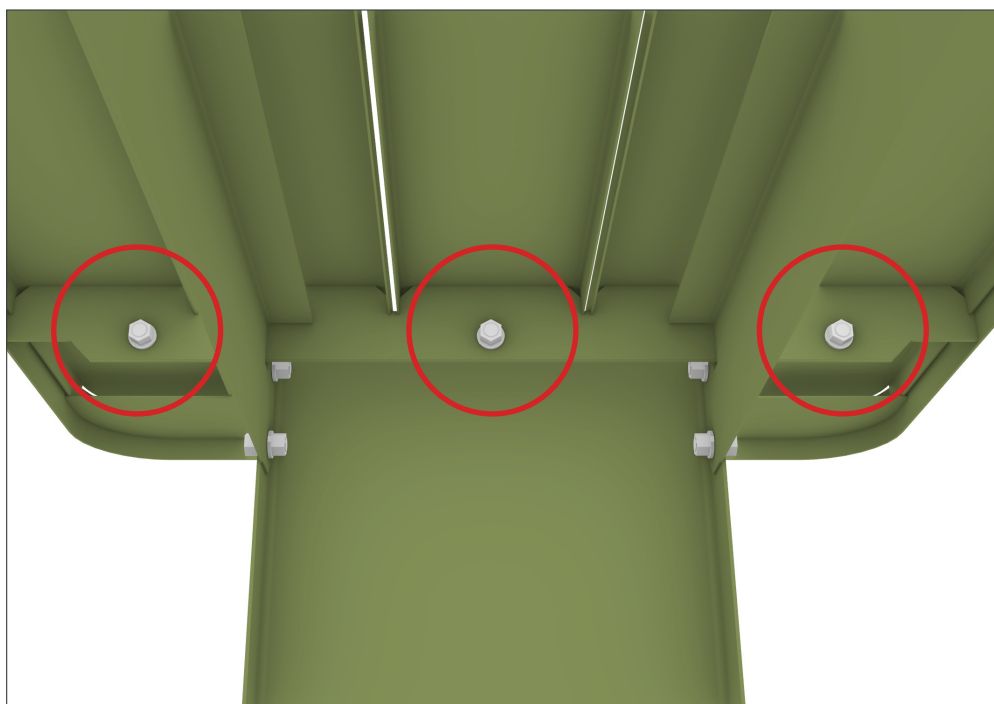

Place the tabletop on the base structure.
